**To attend the 2015 DFI CEO Outreach Event
October 28th in SeaTac, Washington**

DFI invites you to an event that will address some of the top challenges confronting state-chartered credit unions at the 2015 DFI CEO Outreach Event in SeaTac. The event will be held at the DoubleTree by Hilton Hotel Seattle Airport.

The CEO Outreach Event is an opportunity for state credit union officials to come together to engage in an important dialogue on several areas that will shape the future of credit unions in Washington. Discussion topics include national issues affecting credit unions, regional economic issues, current state financial system issues, and a panel on cyber security. We will publish an agenda with names of speakers in late September. Lunch is being provided by the Northwest Credit Union Association.

We hope you can join the Washington Department of Financial Institutions, the National Association of State Credit Union Supervisors (NASCUS), the Northwest Credit Union Association (NWCUA) and your fellow credit union executives for insightful discussions geared specifically toward credit union CEOs.
