2013 NASCUS State System Summit **Make plans to attend NASCUS State System Summit** **September 18-20 in Coeur D'Alene, Idaho**

NASCUS invites you to join the system's leaders to address the top challenges confronting state credit unions and regulators at the 2013 NASCUS State System Summit in Idaho.

The NASCUS Summit is the only opportunity for state credit union regulators, state credit union CEOs, senior managers and board members to come together to identify and to develop the solutions needed to preserve the state credit union system.

During this year's event, nationally renowned experts will update attendees on issues facing all financial institutions including the future of regulatory capital, director compensation and emerging IT trends. The event also features an opportunity to discuss issues of critical importance to state-chartered credit unions.

We hope you can join the Washington Division of Credit Unions, our peers from state regulatory agencies around the country and your fellow credit union executives for exciting educational workshops, insightful discussions as well as networking events geared specifically at the state credit union system.

For agenda and registration, visit <http://www.nascus.org/> and click on the Summit banner.
