SAVE-THE-DATE

**To attend the 2014 DFI CEO Outreach Event
November 4th in SeaTac, Washington**

DFI invites you to an event that will address some of the top challenges confronting state-chartered credit unions at the 2014 DFI CEO Outreach Event in SeaTac. The event will be held at the NWCUA Building, 18000 International Blvd Suite 350, SeaTac 98188 in conference room LP16.

The CEO Outreach Event is an opportunity for state credit union officials to come together to engage in an important dialogue on several areas that will shape the future of credit unions in Washington. Discussion topics include the local economic forecast, the national economic forecast, public fund deposits, national issues, and current state financial system issues.

Confirmed speakers include Scott Jarvis, the Director of DFI, Linda Jekel, the Director of Credit Unions, Troy Stang, President of the North West Credit Union Association (NWCUA), the Executive Director and Chief Economist of the Washington State Economic and Revenue Forecast Council Dr. Steve Lerch, Wolfgang Opitz from the State Treasurer's office, and a representative from NASCUS.

We hope you can join the Washington Department of Financial Institutions, our peers from other state regulatory agencies, and your fellow credit union executives for insightful discussions geared specifically toward credit union CEOs.
